

<b>Cherokee County Fire &amp; Emergency Services</b>    <b>CERTIFICATION OF INSTALLATION</b>	<b>Emergency Communications System(s) (RADIO)</b> Job Name: _____ Address: _____ Bldgs. ___ Suite: _____ City: _____ Zip: _____ Responsible Party: _____ Phone: _____ Email: _____
	<b>GENERAL BUILDING INFORMATION:</b> Area of Building: _____ Number of Stories _____ Occupancy Type: _____ Radio System Type BDA <input type="checkbox"/> N <input type="checkbox"/> DAS <input type="checkbox"/> N <input type="checkbox"/> Radiating Cable <input type="checkbox"/> N <input type="checkbox"/> Installing Contractor _____ Number of BDA's _____ Number of DAS antennas _____ Location of head end _____

The above referenced project included the installation of a radio communications system designed to provide public safety radio signal coverage as detailed in the submitted plans.

This letter shall CERTIFY that the above captioned system was installed in accordance with the approved plans and meets all the performance requirements of the International Fire Code as adopted by the State of Georgia and Cobb County.

Attached to this certification is a copy of the signal level measurements that were completed as part of the final acceptance testing. Note that all critical areas as defined in NFPA 72 SHALL BE COVERED WITH A MINIMUM OF -95dBm.

As an authorized representative of \_\_\_\_\_  
 I certify that the referenced public safety radio communication system was installed in accordance with the approved plans, specifications and Federal Communications Commission Rules and Regulations. I further certify that the system will not create harmful or annoying interference to the Cobb County Public Safety Radio system or its users.
